Final corrected Version :

Minutes of the Board Meeting held on 29th September at 3:00 pm - 4:00 pm.

The Agenda item for the meeting :

Creating an employee model which can sustain any employee as long as the appropriate decisive body of the company for recruitment wants irrespective of the company's health or creating a capability within the company which helps the company to carry forward comfortably with any number of employees at any point of time even when company revenue goes down drastically or stay in an extreme zero/negative revenue situation.

The following organisational measures / protocols will be adapted for the new trainee or newly joined employees for event/other organisational managements without violating company norms as per legal consent for all such employees during the joining of the organisations.

(1) A trainee or a newly joined employee need to make an investment from a borrowed loan as an organisational measure decided by the respective bank and the organisation after first three (3) to six (6) months of their employment based on their salary/pay structure. This investment would be taken for event management or for creation of some specific benefits mentioned below for the respective employee in future. This special investment would be once in a life time of the employees. A subset of the following benefits can be provided from the benefit-buckets proposed below depending on the total employee base and the proportion of the such employees.

a. travel expenditure;
b. vehicle or transportation facilities;
c. performance-based incentives;
d. salary or financial management benefits; and so on.
e. Repayment of the loan/EMI money per month shall be the sole responsibility of the wealth-management company or the investment manager appointed by the Company.

(2) The Company may enter into an appropriate partnership with a legally qualified wealth-management company or a suitable investment manager or a selected individual appointed by the Company who would be responsible for managing the investments done by the employees and related financial arrangements.

(3) If Medsolu OPC Pvt Ltd is unable to enter into an appropriate partnership with a suitable external wealth-management company or investment manager, the Director of the Company or company appointed member/body may manage the investments on behalf of the Company.

(4) Participation in the Scheme shall not, by itself, confer upon any employee any ownership interest or shareholding rights in Medsolu (OPC) Private Limited.

(5) During a specific emergency situation requiring immediate financial assistance, an employee may request the return of the amount invested by such employee under the scheme.

(6) The scheme shall not restrict or limit the Company's right to take an appropriate employment action and thus the decisive body of the company shall retain the right to terminate the employment of an employee after returning back/closing the borrowed money as this money may not be expended at all for one year.

(7) The proposed scheme can help to increase the employee base as large as possible.

(8) The protocol adapted through this process can evoke multiple employee models which require separate research work with appropriate data which company may evolve in future.
